PYROSTEM - New 60 minute test evidence!

Despite many changes in the market for Polished Wired Safety Glass CGI is pleased to confirm that we continue to stock our Pyrostem Range in the UK as we have done for many years! The only thing that has changed is the range of test evidence, and we are pleased to announce that we have recently conducted a number of successful tests to extend the scope of Pyrostem in doors.

Latest test evidence

TIME	GLASS SIZE	
30 MINUTES	503 x 1145	With MDF beads, a Hardwood liner and Hodgsons Firestrip 30
60 MINUTES	503 x 1145	With Hardwood beads and a Sealmaster GL60 liner
60 MINUTES	626 x 1300	With MDF beads, a Palusol liner and Lorient System 90 gasket
